# See your best. Live your best.

Enroll in Aetna Vision<sup>SM</sup> Preferred.

Your eyes are windows to your soul.  
They're also portals to your health. Some  
health problems may show signs through  
your eyes – signs you don't want to miss.

## Your health through your eyes

### Diabetes

Diabetic retinopathy is the leading cause of blindness in adults ages 20–74.<sup>1</sup> However, proper eye care can lead to the early detection and early treatment of vision-related complications.

### Blue light

It radiates from your TV, computer, tablet, phone — and even the sun. Overexposure can cause blurry vision, difficulty focusing, dry and irritated eyes, headaches and even macular degeneration.

### High blood pressure

By viewing the blood vessels in the retinas of your eyes, your eye doctor can look for early signs of high blood pressure (also known as hypertension).

### Sun

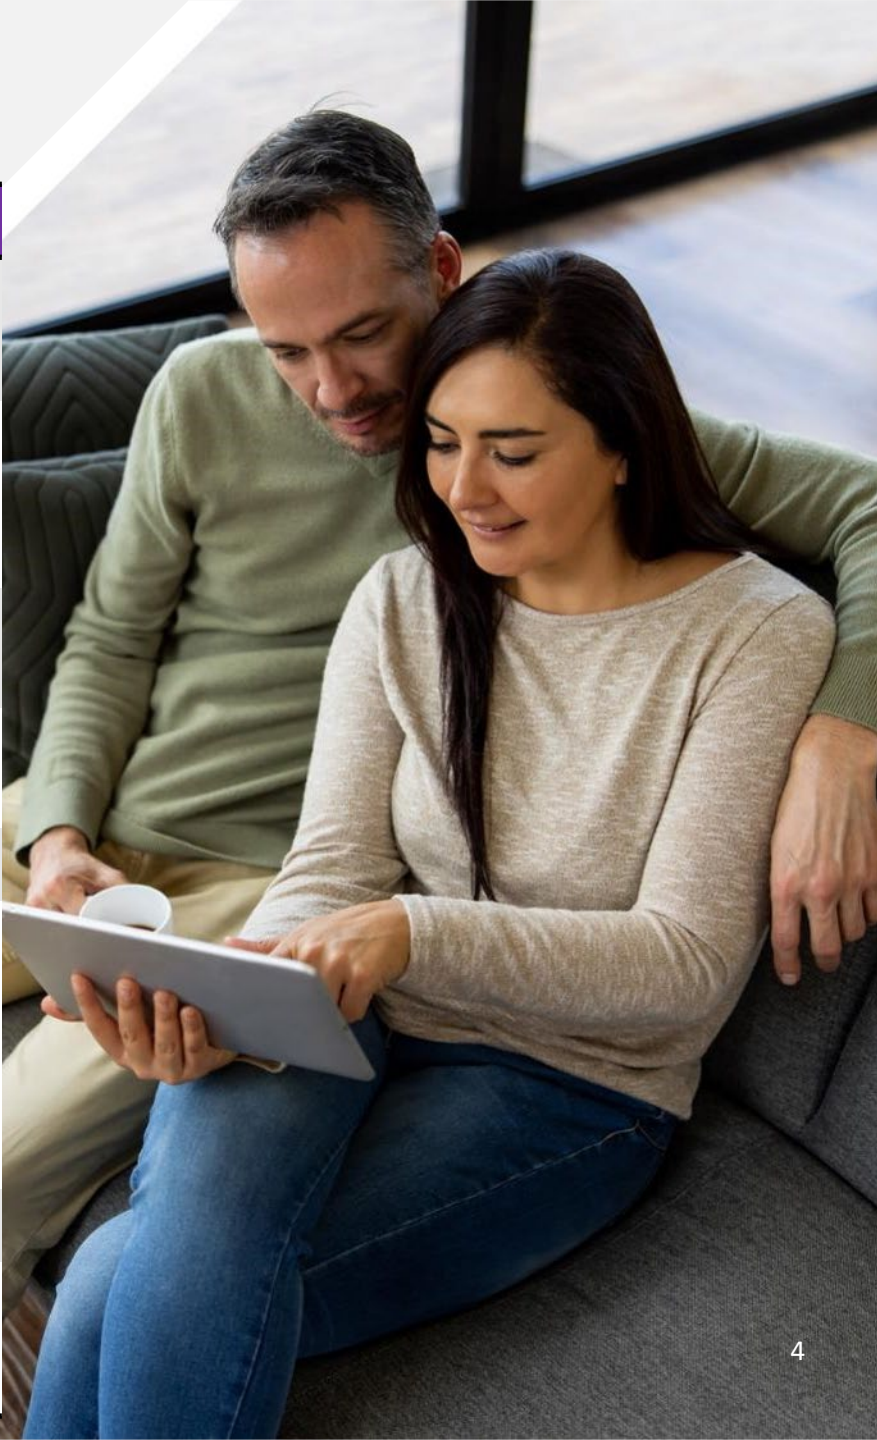

Protecting your eyes from the sun can reduce your risk for:

- Cataracts
- Macular degeneration
- Photokeratitis, which causes temporary vision loss

# Aetna Vision Network

## Go practically anywhere for eye care

With the Aetna Vision<sup>SM</sup> Preferred plan, you can see any provider you want in the Aetna network or out. But remember, network providers will cost you less.

At home or on the go, at night or on the weekend, you get convenient access to thousands of private practice and optical retail locations, including popular national chains.

Plus, you can use your benefits to shop for contacts or glasses online at these in network retailers:

Go to [AetnaVision.com](https://AetnaVision.com) to find a provider near you.

Nationwide network with convenient walk-in, night and weekend appointment availability

Discounts beyond plan benefits

Online appointment scheduling

Live support available 7 days a week  
(our customer service hours align with our retailer hours)

# Know-Before-You-Go

## Smart tools Smarter shoppers

### Know before you go

At Aetna®, we want you to get the most from your Aetna Vision<sup>SM</sup> Preferred benefits. That's why we've developed our Know Before You Go tool. Now, it's easier to estimate your out-of-pocket costs

INDEPENDENT  
PROVIDER  
NETWORK

LENSCRAFTERS<sup>®</sup>

PEARLE  
VISION

OPTICAL<sup>®</sup>

- **Designed for all devices** — Use your phone, tablet or PC. The tool's responsive design adjusts to any screen size.
- **More flexibility** — Easily edit your selections or start over.
- **Spotlight on special offers** — Find more ways to save with your vision benefit.
- **Provider search** — Quickly find an eye doctor near you.

Along with these features, the tool offers simple definitions and interactive examples of common products and add-ons. Plus, you get a range of costs with each selection you make.

### Try it for yourself

1. Register or log into your account at [AetnaVision.com](https://AetnaVision.com) and click the Estimate Costs tab.
2. Select the service you want an estimate for: "Eye Exam" or "Vision Products" for glasses or contacts.
3. Choose your frame type — are you more fashion or function? Basic or premium?
4. Explore a variety of lens types, options and add-ons. Get details for each product.
5. Get a clear summary of your estimated out-of-pocket costs based on your selections.
